Discover Epicurean Delight. Meaning the small castle, **Le Petit Chateau** is encircled by tropical foliage and understated beauty. A popular meeting place to enjoy Parisian-inspired cuisine, elegant décor, and the finest wine selections from the world's most celebrated vineyards, Le Petit Chateau is a favorite stop after an eventful day frolicking along the white sand beach and splashing in the refreshing Caribbean Sea. Modeled after the fascinating manor houses of the 19th century where nobles gathered and dined, this must-visit, adult-only restaurant delivers in every aspect.

Discover a Little Bit of Paris in the Caribbean. When the café concept was first introduced in Paris in the 17th century, people fell in love with the neighborhood feel of it, which over the years became a place to relax. The same semblance is found at **Café de Paris**, the social pulse of Beaches Turks & Caicos morning and night. There's a square-lined walkway along a bustling promenade made to resemble the streets of Paris. Flowers, bright colors, and lovely patio furniture with umbrellas adorn the outside of the café. But the chic décor and romantic ambience aren't the only things to savor at this superb café.

Discover the Heart of England. For more than 300 years, pubs have provided a carefree, warm ambience that afforded comfort to people who wanted to relax with good ale and a good joke after a hard day's work. Pubs are most certainly fundamental to British culture. Samuel Pepys, famous for his detailed 17th century writings, even described pubs as the 'heart of England.' With the same vibrant spirit of original

British pubs, **Cricketer's Pub** serves the same purpose as the time-honored public houses of yesteryear where people gathered together to enjoy life and a cold one. A delightful encounter full of good times and customary pub fare awaits pub-goers who seek the welcoming experience of a traditional, British pub.

Discover Aphrodisiacal Exhilaration. The sandy pathways of **Barefoot By The Sea** add to the ambiance of this charming restaurant. Located in the heart of an award-winning resort close to the tranquil shore, Barefoot is one of the few establishments you can actually show up...barefoot, digging your toes into the fluffy, white sand while enjoying delectable seafood. With the sparkling Sea just steps away, spectacular Caribbean vistas and cool Sea breezes abound. The cuisine here is just as enticing as the charming, Caribbean vibe, presenting distinctive seafood recipes full of savory fervor. Lobster Bisque with Sourdough Croutons, Herb-Crusted Mahi Mahi, and Coconut-Fried Tiger Shrimp are just a few of the tantalizing options that grace Barefoot's palatable menu.

Discover a Little Slice of Heaven. It is joked that his powers are at the core of **Neptunes**, a Mediterranean seafood restaurant where some guests just might believe the old tale rings true. For years, the chefs of Neptunes have made it their mission to provide the most authentic reflection of Mediterranean heritage through robust menu offerings and a sundry setting. From the covered, open air restaurant design, to the beauty of the Atlantic Ocean in the distance, guests are offered a true, coastal Mediterranean experience against the backdrop of the beautiful Caribbean.

Discover Authentic Jamaican Jerk at **The Jerk Shack**. Believed to have originated with Jamaica's Arawak Indians, jerk cookery began as a preservation method. The Maroons of Jamaica, who once sought refuge in the island's Blue Mountains, eternalized the Arawak's ancient jerk technique by spicing or seasoning the meat, wrapping it in leaves, then placing it on hot rocks over a lattice of wood. This technique evolved with the use of different spices to the cooking style that we know today as Jerk. At the Jerk Shack, chefs apply the jerk cooking style using a marinade or paste that incorporates pimento (allspice) and scotch bonnet peppers.
